*Third Wednesday each month, so for 2025: 3/19, 4/16, 5/21, 6/18, 7/16, 8/20, 9/17, 10/15, 11/19, 12/17.*

*Central NC clinic location rotates monthly, including Chapel Hill, New Hill, Southern Pines, Wake Forest. See monthly announcement in <https://www.facebook.com/groups/978968283546217>*

*A DVM/Farrier/Owner Team provides an equine case in need of podiatry-related ideas. The examinations, radiography and dinner are gratis; the owner makes their own financial arrangement with their farrier. The meeting is from 6 PM to 9PM. While everyone is settling in & getting some food and drink there is a general topic of discussion for farriers and veterinarians' joint interest. For example, on 10/19/2023 the presentation and discussion was on considerations for shoeing for landing versus loading.,*

*Then, the horse's owner, veterinarian and farrier provide a medical history. The group will observe the horse in motion in the aisle, arena and/or driveway. Next the group does a podiatry examination followed by Dr. Radkin doing podiatry radiographs for the group to discuss. Then a trimming and possible shoeing plan is discussed. The consensus plan approved by the owner and the owner's farrier is then accomplished by the owner's farrier. Follow-up radiographs will be discussed. There will be one case each evening. The end time is no later than 9PM.*

*The goal is to see how farriers and equine practitioners work together on a particular case that can then translate to other cases.*

**2025 Silver Jubilee NO Laminitis! Conference (25 CE)**

**Via Zoom**

08:00 AM - 05:45 PM CST

Nancy Collins, 603-986-8938

ncollins@ecirgroup.org

*Virtual via Zoom. Live event with recordings for future view. See attachment for further details.*

*The US alone has almost 10 million horses. The most current estimates are that 10% to 15% of horses will suffer from laminitis every year. In the US, that is 1 million horses per year. The ECIR Group has been there to help caregivers and their equines for 25 years, researching, educating, and helping equines negotiate rehabilitation from or avoidance of debilitating laminitis.*

*The 2025 Jubilee NO Laminitis! Conference will be a special celebration of the 25 years that the ECIR Group has remained the largest field-trial database for Pituitary Pars Intermedia Dysfunction (PPID) and Equine Metabolic Syndrome (EMS)/Insulin Resistance (IR) in the world, dedicated to the quest of helping metabolic equines. Attendees will welcome the latest in research and proven protocols used to improve the welfare of equines in their care. Join the ECIR Group, Drs. Kellon, Bowker, Gustafson and 10 top-level equine researchers and professionals in the ECIR Group Virtual Conference Room via Zoom<sup>®</sup> offering three days of information live, and with recordings for future review.*
